

2011-2012 Black Hills Energy Colorado Evaporative Cooling Qualifications

The following manufactures and equipment models are eligible for rebates under the Black Hills Energy Residential Evaporator Cooling Rebates. Purchasing an evaporative cooler not on this list may make you ineligible for a rebate. This list is subject to change at any time.

Criteria Eligibility: To qualify for the \$400 rebate, equipment must be new and have a media saturation effectiveness of 85% or higher. These models have remote thermostat control and periodic purge water control. Units with add-on equipment do not qualify.
