

**NOTICE OF FILING OF AMENDED TARIFF FOR
CO-GENERATION AND SMALL POWER PRODUCTION FACILITIES
IN COLORADO P.U.C. NO. 11 ELECTRIC TARIFF
of Black Hills Colorado Electric, LLC
d/b/a Black Hills Energy**

You are hereby notified that Black Hills Colorado Electric, LLC, d/b/a Black Hills Energy, 105 South Victoria Avenue, P.O. Box 75, Pueblo, Colorado, 81003-0075, has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in accordance with the Public Utilities Law, an advice letter with a revised tariff to increase the Energy Payment Rate (also referred to as the “Average Hourly Incremental Cost of Electricity”) contained in Tariff Sheet No. R36 in the Rules section of its Colo. P.U.C. No. 11-Electric Tariff, to become effective on January 1, 2026. The proposed tariff amendments have no effect on Company revenues if approved.

The revised tariff, if allowed to go into effect by the Commission, will increase the Energy Payment rate by 17.8% from \$0.02963 per kWh to \$0.03489 per kWh. The revised tariff affects co-generation and small power producers, if approved. However, there are currently no co-generation or small power production facilities on the Company’s system. The revised tariff also affects certain net metering customers. The Energy Payment Rate is the rate paid to net metered customers for any accrued excess energy production produced during the most recent calendar year if they elect the annual “cash-out” method rather than rolling the excess kWh over as a usage bill credit to the next year. This net metering payment methodology is consistent with Commission Rule 3664(b). Based on previous net metering “cash-out” payments, the Company anticipates a reduction of approximately \$44k more due to the increased Energy Payment rate. The “cash-out” payments are funded through the Company’s Renewable Energy Standard Account.

Copies of the proposed and present tariffs as filed with the Public Utilities Commission of the State of Colorado are available for inspection at the public offices of Black Hills Energy at 105 South Victoria Avenue, Pueblo, Colorado, 81003; or, at the office of the Public Utilities Commission, 1560 Broadway, Suite 250, Denver, Colorado 80202. The Commission may suspend the proposed tariffs, rates, rules, or regulations. The Commission may hold a hearing to determine which rates, rules, and regulations will be authorized. If a hearing is held, any member of the public may attend the hearing and may make a statement under oath about the proposed tariffs, whether or not he or she has filed an objection or intervention. If the filing is uncontested or unopposed, the Commission may determine the matter without a hearing and without further notice.
