

**NOTICE OF FILING TO AMEND ITS TARIFF FOR THE
ENERGY ASSISTANCE SYSTEM BENEFIT CHARGE
IN COLORADO P.U.C. NO. 11 ELECTRIC TARIFF**

**Black Hills Colorado Electric, LLC
d/b/a Black Hills Energy**

You are hereby notified that Black Hills Colorado Electric, LLC, d/b/a Black Hills Energy, 105 South Victoria Avenue, P.O. Box 75, Pueblo, Colorado, 81003-0075, has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in accordance with the Public Utilities Law, Advice Letter No. 896 with a revised tariff to increase the Energy Assistance System Benefit Charge (“EASBC”), in the Rates section of its Colorado P.U.C. No. 11 – Electric Tariff, to become effective October 1, 2025. The revised tariff will affect all customers if the Commission allows the tariff to become effective.

The principal purpose of this filing is to amend the EASBC, a monthly charge, in compliance with statutory requirements. The EASBC is applicable to all utility customers unless customers opt-out or are otherwise exempted.

The EASBC was enacted in Colorado House Bill 1105 (2021), is codified in statute at §40-8.7-104(2.5), C.R.S., and financially contributes to low-income utility assistance administered by Energy Outreach Colorado. Customers may call 1-866-HEAT-HELP for information on qualifying for low-income utility assistance.

As provided for in Tariff Sheet No. 108, the EASBC will be billed to all utility customers as shown in Table 1:

Table 1: Proposed Tariff Rates for EASBC

Effective On and after	Rate Schedules	Monthly Charge
October 1, 2021	All	\$0.50
October 1, 2022	All	\$0.75
October 1, 2023	All	\$0.79
October 1, 2024	All	\$0.81
October 1, 2025	All	\$0.83

Note: The Monthly Charge shall adjust annually each October 1, beginning in 2023, based on the annual percentage change in the published Index for July in the previous year and July in the current year. Index shall mean the *U.S. Dept. of Labor’s Bureau of Labor Statistics Consumer Price Index for Denver-Aurora-Lakewood for All Items and All Urban Consumers*, or its successor index.

Opt-Out: Customers may opt out of the EASBC by notifying Black Hills Energy at eaoptout@blackhillscorp.com.

Exempted Customers: Black Hills will automatically exempt customers from the EASBC for the succeeding twelve months where such customers received direct utility bill payment assistance in the previous twelve months.

If permitted to go into effect on October 1, 2025, the tariff proposed herein will result in no change to the annual revenues of the Company. The tariff will effectively be revenue neutral. All revenues collected by

the Company will be transferred to Energy Outreach Colorado net of prudently incurred costs for Company reimbursement, as approved by the Commission.

The proposed EASBC rate is a 2.5% increase, from \$0.81/customer/month to \$0.83/customer/month, representing a 0.02 percent increase to the Residential Customer, and a 0.005 percent increase to the average Small Commercial Customer.

The Commission will consider all written comments and objections submitted prior to the evidentiary hearing.

Filing a written objection (protest) by itself will not allow you to participate as a party in any proceeding established in these matters. If you wish to participate as a party in this matter, you must file written intervention documents under Commission Rule 723-1-1401, 4 Colorado Code of Regulations 723-1 or any applicable Commission order. The Commission may hold a public hearing in addition to an evidentiary hearing. If such a hearing is held, any member of the public may attend and make a statement under oath about the proposed tariffs, whether he or she has filed an objection or intervention. If the filing is uncontested or unopposed, the Commission may determine the matter without a hearing and without further notice.
