Electric Vehicle Charging Rebate Program

South Dakota and Wyoming Commercial Customers
January 1, 2022 - December 31, 2022

Rebate Checklist

Get your rebate faster by checking off these easy steps before mailing your application form. Complete and accurate application forms mean less delays in getting you your rebate check.

- ☐ E-mail ReadyEV@blackhillsenergy.com to assess your charging needs and schedule an on-site evaluation.
- ☐ Meet Black Hills Energy for a site walk to determine your installation location and contact a qualified electrician for installation.
- ☐ Review the Terms and Conditions and sign and date the application.
- ☐ Completely fill out application.
- ☐ Attach all receipts for proof of purchase of the smart charger and electrical installation of the equipment.
- ☐ Make and retain copies of all documents and application.
- ☐ Mail the application and all supporting documentation to:
  Black Hills Energy
  c/o Electric Vehicle
  P.O. Box 1400
  Rapid City, SD 57709

  or e-mail application and receipts to ReadyEV@blackhillscorp.com

Eligibility Requirements

To be eligible for the rebate, you must:

1. Be a non-residential Black Hills Energy electric customer with an account in good standing.

2. Agree to install, own, operate and maintain new electric vehicle charging equipment at your own expense from a qualified network provider approved by Black Hills Energy for a period of at least five (5) years after the installation date.

3. Have the right to install, own, operate and maintain electric vehicle charging equipment on the site. If you do not own the site, you shall obtain any required approvals from property owners, landlords, and/or corporate offices to install electric vehicle charging equipment and provide written evidence of such approvals to Black Hills Energy upon request.

4. Obtain all necessary permits and comply with all applicable laws, rules, codes, and regulations for the installation of electric vehicle charging equipment.

5. Purchase and install a qualifying electric vehicle charging equipment between January 1, 2022 and December 31, 2022, available for employee, tenant, and/or public use. Rebate application must be received by Black Hills Energy on or before January 31, 2023, to qualify for the rebate.

6. Agree to incorporate Black Hills Energy branding, supplied by Black Hills Energy, on all electric vehicle chargers installed under this rebate program.

7. Agree to participate in surveys, on-site audits and review of electric vehicle charger usage data.

Failure to meet any of the foregoing requirements may result in denial of the rebate.

Terms and Conditions

Upon receipt of all documentation and validation of compliance, Black Hills Energy will provide the commercial electric vehicle charger rebate, which consists of a rebate in an amount up to: (1) $2,000 per Level 2 (240 volt) electric vehicle charging port for public and workplace charging sites, (2) $3,000 per Level 2 (240 volt) electric vehicle charging port for governmental and nonprofit 501(c)(3) charging sites. Level 2 (240 volt) electric vehicle charger rebates are limited to four (4) charging ports per site. Amount of rebate cannot exceed the electric vehicle charging equipment and installation. You are responsible for paying all tax liability imposed as a result of receiving the commercial electric vehicle charger rebate.

Rebate Availability

Black Hills Energy offers a limited number of rebates. Availability is subject to total number of program participants. Black Hills Energy reserves the right to cancel or modify this rebate program at any time in its sole discretion. Black Hills Energy makes no representations or warranties regarding whether you will or will not qualify to receive the rebate.

Electric Vehicle Charger Usage Data

You authorize the qualified provider of electric vehicle charging equipment to share charger usage data with Black Hills Energy. Usage data provided to Black Hills Energy may be used internally by Black Hills Energy and may be made available on an aggregated, non-personally identifiable basis to the State Public Utility Commission.

Audit Rights

Black Hills Energy reserves the right to select you for an audit to verify the installation of the rebated electric vehicle charging equipment. You hereby consent to such an audit and agree to grant Black Hills Energy access to the property to the extent reasonably necessary to conduct such an audit. If the audit discovers the electric vehicle charging equipment has not been installed in accordance with these terms and conditions, then the rebate award may be rescinded.

Release and Indemnification

You agree to release, indemnify, and hold harmless Black Hills Energy, its affiliates, respective officers, directors, shareholders, and employees from and against any and all causes of action, damages, losses, claims, expenses, demands, and costs (including attorneys' fees), resulting from, arising out of, or in any way connected with the electric vehicle charging equipment, rebate, or any taxes associated therewith. Black Hills Energy is not a party to any sales transaction between you and the qualified provider of electric vehicle charging equipment. Black Hills Energy's liability and responsibility in connection with this program shall be strictly limited to the making of certain rebate payments for program-eligible electric vehicle chargers, and Black Hills Energy does not make, will not provide, and specifically disclaims any and all representations, warranties, covenants, or guaranties whatsoever, express or implied, in connection with the electric vehicle charging equipment and the residential electric vehicle charger rebate program itself, including, without limitation, the implied warranties of merchantability and fitness for a particular purpose. Black Hills Energy shall in no way be liable or responsible for any electric vehicle charging equipment installed by, or for any act or omission of, any other entity or individual, including, without limitation, the equipment manufacturer or any electrician, technician, or other service provider.
