

# 2025 RESIDENTIAL REBATE APPLICATION

## CHEYENNE ELECTRIC: RESIDENTIAL CUSTOMERS

### Rebate Checklist

Get your rebate check faster by checking off these easy steps before mailing your application form. Incomplete applications may be delayed. **Please do not submit applications through multiple methods. If you would like to verify your application has been received, please call the Energy Efficiency line at 1-888-567-0799.**

- ☐ Completely fill out application (mandatory) Attach all receipts (original or copies)
- ☐ Attach AHRI specification sheets for central air conditioners and heat pumps
- ☐ Review Terms and Conditions and signed and dated application
- ☐ Dealer portion (application Certification) completely filled out and signed (if applicable)
- ☐ Make and retain copies of all documents and application
- ☐ Send all documents to correct address listed on this application (sending application to the billing address will delay your rebate)

### Important

A final itemized invoice for all materials, labor and taxes related to the Rebate Application must be attached. Black Hills Energy cannot accept quotes, proposals, estimates, or bids as confirmation of purchase. Bank or credit card statements are not considered valid for proof of purchase. All equipment must be new. No reconditioned or used equipment qualifies for rebates. Incomplete applications will be delayed. Black Hills Energy reserves the right to verify sales receipts and installations. After approval, please allow four to six weeks for delivery of the rebate check.

### Tax Information

Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. Black Hills Energy is not responsible for any tax consequences of the rebate program.

### Disclaimer

Black Hills Energy does not guarantee that installation of equipment qualifying for rebates will result in reduced energy usage or demand, or in cost savings. The Customer will hold harmless Black Hills Energy and its officers, directors, shareholders, agents, employees, and representatives from all claims, liabilities, fines, interest, costs, expenses, and damages incurred by the Customer, for any damage, injury, death, loss or destruction of any kind to persons or property, to the extent the damage, injury, death, loss or destruction arises out of or is related to the conduct, negligence, willful misconduct, misrepresentation, breach of warranty or other breach of this rebate form on the part of Black Hills Energy.

### Terms and Conditions

#### General Eligibility

1. Applicant must be a current Black Hills Energy electric residential customer to participate in this energy efficiency program.
2. **Purchase and installation must be completed between January 1, 2025 and December 31, 2025. Project completion paperwork must be received by January 15, 2026.**
3. Rebates are available for high-efficiency cooling equipment are available in conditioned living spaces only. These measures installed for use in garages or shops are not eligible for rebates.
4. Applications will be processed on a first-come, first-served basis. The program will end when the budget is depleted. Funds are limited.
5. This program is subject to regulatory rules and orders, and Black Hills Energy reserves the right to change or to end any portion of this program without notice.
6. To avoid delay, the contractor invoice returned with your rebate application must include the installation/service address, a detailed description of service(s) provided including the manufacturer, model, and serial numbers for any equipment installed, and the date of installation. Equipment cost, labor and tax must be itemized. Labor charges for self-installed jobs are not eligible for rebates.
7. **Unless specified, checks will be made payable to customer shown on invoice.**
8. To qualify for the rebate, cooling equipment must meet minimum efficiency requirements as listed in this application. Where applicable, energy-efficiency ratings must comply with those listed in the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). For Central Air Conditioners the AHRI's Unitary Directory is used to identify product classification, determine efficiency ratings and confirm matched systems. Non-matched assemblies are not certified by the AHRI and are not eligible for rebate. The AHRI directory may be found at [www.ahridirectory.org](http://www.ahridirectory.org).
9. Customer must select an Air Conditioning system with an overall efficiency as listed under Qualifying Equipment for Rebates. The system must be matched, which means the outdoor condenser unit and the indoor evaporator coil were designed by the manufacturer to work together to provide top performance and maximum efficiency. The use of a furnace's variable speed fan to increase the SEER2 rating above the nominal rating will be allowed for determining rebate eligibility provided the Furnace was purchased no more than one year prior to the installation of the new Air Conditioning system. The overall furnace and air conditioning rating must be found in the AHRI directory ([www.ahridirectory.org](http://www.ahridirectory.org)).

## Qualifying Equipment for Rebates

HIGH-EFFICIENCY HVAC (Must have active Black Hills Energy electric account to be eligible)		
MEASURE	QUALIFYING EQUIPMENT	REBATE AMOUNT
Central Air Conditioners	<ul style="list-style-type: none"> <li>Split Systems <math>\geq 15.2</math> SEER2 and <math>\geq 12</math> EER2;</li> <li>Single Package <math>\geq 15.2</math> SEER2 and <math>\geq 11.5</math> EER2</li> </ul>	\$350 per unit
