

## LEGAL NOTICE

On December 5, 2025, Black Hills Energy Arkansas, Inc. filed an application with the Arkansas Public Service Commission for a change in the rates to be charged to all classes of its customers. The request is based on a 2025 Projected Test Year using historical data through June 30, 2025, and forecasted data from July 1, 2025 through December 31, 2025, adjusted for reasonably known and measurable pro-forma adjustments through December 31, 2026, the end of the Pro Forma Year, and seeks to cover increases in operating expenses and return on investment in additional facilities constructed to service customers since the Company's last general rate adjustment. The total amount of the requested rate increase is \$29,352,664. The rate change amount for each rate class of customer is as follows:

Customer Class	Current Rates Bill Amount	Requested Rates Bill Amount	Month Change	Percent Change*
<b>Residential Service</b>				
51 Ccf	\$94.44	\$105.56	\$11.12	11.77%

<b>Large Business Service: Demand Low LF</b>				
86,005 Ccf	\$64,278.30	\$64,681.70	\$403.40	0.63%
<b>Large Business Service: Demand Mid LF**</b>				
85,201 Ccf	\$62,237.40	\$61,890.18	(\$347.22)	-0.56%

\* Percentages are based upon average consumption volumes and estimated total amounts billed to customers including the customer charge, delivery charge, demand charges, riders and cost of gas (for sales classes only)

\*\* No customers currently meet the criteria for this Customer Class

The amounts and percentages shown above and other rates and charges may change or be affected by a final order of the Arkansas Public Service Commission. Below are the current and proposed customer charges and delivery charges for each rate class of service. The "Current Rates" column shows the rates that will be charged in the month before the Commission approves final rates and the "Proposed Rates" column shows the rates that will be charged if the requested increase is granted.

Upon request, the Company will furnish information a customer desires concerning the percentage increase being sought for any rate schedule. The Company will also, upon request, provide to any customer an estimate of the calculated average monthly dollar amount by which the proposed rates will increase the customer's gas utility bill. Requests can be made by calling 888-890-5554 or submitting a contact form at [blackhillsenergy.com/customer-service](http://blackhillsenergy.com/customer-service).

The Commission assigned Docket No. 25-064-U to this application. The Commission has 10 months in which to issue its order. The new rates are not expected to become effective until October 2026. The Commission Rules of Practice and Procedure (23 CAR Part 462) provide procedures for interested persons to intervene as a party, make limited appearances or submit public comments in writing or orally at the hearing. The Commission has not yet established a procedural schedule or hearing dates for this matter. More information about this rate review process can be found at [blackhillsenergy.com/reliableAR](http://blackhillsenergy.com/reliableAR).
