

NOTICE OF FILING JOINT APPLICATION FOR 2018-2020 NATURAL GAS DEMAND SIDE MANAGEMENT (DSM) PLAN AND REVISED DSM COST ADJUSTMENT (DSMCA) IN THE COLORADO P.U.C. NO. 3 GAS TARIFF of Black Hills/Colorado Gas Utility Company, LP d/b/a Black Hills Energy

You are hereby notified that Black Hills/Colorado Gas Utility Company, LP d/b/a Black Hills Energy (“Company”), 7060 Alegre Street, Fountain, Colorado 80817, has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in accordance with the Public Utilities Law, a “Verified Joint Application of Black Hills/Colorado Gas Utility Company, LP d/b/a Black Hills Energy and Black Hills Gas Distribution, LLC d/b/a Black Hills Energy, for Approval of a Combined Natural Gas Demand Side Management (DSM) Plan for Calendar Years 2018, 2019 and 2020 and for Approval of Revisions to their Gas DSM Cost Adjustment Tariffs.”

In the Verified Joint Application, the Company requests approval of a proposed 2018-2020 Combined DSM Plan. The Company also proposes updates and clarifying changes to the DSMCA Tariff, as well as a change that would allow the Company to recover cumulative lost revenues resulting from energy efficiency programs between rate cases, such tariff changes to be effective upon approval of the Verified Joint Application. The revised tariff, if approved, will not itself impact annual revenues of the Company and will go into effect upon approval of the Verified Joint Application pursuant to Commission Rule 1207(g).

Approval of the Verified Joint Application will allow the Company to implement a demand side management program on January 1, 2018 that continues to provide, through 2020, a variety of energy efficiency opportunities for each customer class subject to the DSMCA. The amount of the DSMCA rider may be impacted through approval of the Verified Joint Application, but, unless otherwise ordered by the Commission, the DSMCA factor will be adjusted through a separate regular annual filing in April, 2018, to be effective July 1, 2018.

The Commission may hold a hearing to determine which rates, rules, and regulations will be authorized. If a hearing is held, any member of the public may attend the hearing and may make a statement under oath about the proposed tariffs, whether or not he or she has filed an objection or intervention. The Commission may hold a public hearing in addition to an evidentiary hearing on the application and if such a hearing is held, members of the public may attend and make statements even if they did not file comments, objections or an intervention. If the filing is uncontested or unopposed, the Commission may determine the matter without a hearing and without further notice.
