

2017 NEBRASKA CHOICE GAS SUPPLIER SELECTION FORM

Residential/Commercial Program selection period: Thursday, April 13 – Thursday, April 27, 2017

To choose your supplier, please follow the instructions on the back of this form. If you don't submit a valid selection on or before Thursday, April 27, 2017, you'll automatically roll over to your current supplier and pricing option at a price the supplier determines after the selection period ends. If you roll over any Choice Gas pricing option, the final rate will be available no later than 15 days after the selection period ends. The final rollover rate will not carry over from the previous year unless the supplier agrees to do so, and it may be different from prices quoted during the selection period.

Only one selection per service address is permitted. The first valid selection you submit will be your final choice. We strongly encourage you to participate in the selection process.

If you move from one service address to another or if a new customer moves to an existing service address, that customer will continue with the gas supplier and pricing option previously selected for that service address.

The control number on this form is specific to your service address and is used to make sure no one else can submit a selection for you.

Note: The control number is for your selection security. If you provide it to your supplier, you've authorized them to submit your Choice Gas selection.

Non-jurisdictional customers (500 therms usage per day or more): By participating in this residential and commercial Choice Gas Program, you agree to be bound by all applicable rates, terms and conditions.

Record your 2017 selection for your records

Supplier selected: _____ Confirmation code submitted: _____ Price quoted: _____

Making your natural gas supplier selection

You can submit your supplier selection online, through your supplier, by mail or through automatic rollover. Follow the instructions below to submit your selection on or before Thursday, April 27, 2017:

1. Contact each supplier through their website or by the phone number listed on the front of this form to receive your price quotes and confirmation codes. Verify how long the confirmation code is valid, as the confirmation code ties to a price and energy pricing option.

Please note: If you have multiple service addresses, you must submit a separate selection for each one.

2. If you enroll online, you must have your account number, control number, and confirmation code, shown on the front of this form. If you do not have your account number and control number, call 877-245-3506. Suppliers provide the confirmation codes.

3. Choose one supplier and one energy pricing option.

4. DO NOT MAIL THE SELECTION FORM TO YOUR SUPPLIER.

5. Choose a submission method from the options below.

6. Once complete, record your agreed-upon pricing option using the detachable portion of this selection form and retain for your records.

ONLINE

- Log on to **www.ChoiceGas.com** between Thursday, April 13, and midnight CDT on Thursday, April 27, 2017.
- Click on Nebraska Selection, and then click on "Submit your Selection."
- Follow the instructions on the screen to complete and submit your selection.

SUPPLIER SUBMISSION

- Contact your selected supplier.
- Provide your account number and control number.
- **Note: The control number is for your security. If you provide it to your supplier, you've authorized them to submit your Choice Gas selection.**

MAIL

- Record your five-digit confirmation code that you obtained from your supplier. (Note: If the confirmation code does not match the supplier and pricing option selected, the confirmation code will be used.)
- Sign and date your form, and mail it in the postage-paid reply envelope provided, postmarked on or before Thursday, April 27, 2017.
- If you did not receive or misplaced your reply envelope, return your selection form to:
Choice Gas Program, P.O. Box 406, Scottsbluff, NE 69363.

AUTOMATIC ROLLOVER

- If you are satisfied with your current supplier and pricing option, simply do nothing, and you will automatically roll over to your current supplier and pricing option. Note: Your final rate will be determined within 15 days after the selection period has ended unless otherwise notified by your supplier. Your final rollover price may be different from prices quoted during the selection period.

Note: The natural gas market can be volatile. We encourage you to check with your supplier to find out how long they'll consider a given pricing option valid.

All selections must be submitted on or before Thursday, April 27, 2017
