

# 2022 Commercial & Industrial Upstream Incentive Program

## Colorado: Commercial & Industrial Electric

This program provides incentives to commercial and industrial customers and/or distributors of commercial foodservice and refrigeration systems to reduce the initial cost of qualifying energy efficient equipment. Funding for these rebates is limited. Applications will be processed on a first-come, first-served basis.

# Terms and Conditions

## General Eligibility

1. Rebates are awarded to help available to Black Hills Energy Colorado commercial or industrial electric customers purchase and install high efficiency foodservice and refrigeration equipment.
2. This program is subject to regulatory rules and orders. Black Hills Energy reserves the right to change or end any portion of this program without notice. Rebates may be limited by program funding availability.
3. New equipment must be installed on the customer's premises and must not be purchased for resale. Used, refurbished, repaired, or rebuilt equipment does not qualify for this rebate, except when allowed by ENERGY STAR®.
4. Black Hills Energy reserves the right to inspect and verify any equipment before or after the proposed project's installation.

## Tax Information

Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. Black Hills Energy is not responsible for any tax consequences of the rebate program.

## Disclaimer

Black Hills Energy does not guarantee that installation of equipment qualifying for rebates will result in reduced energy usage or demand, or in cost savings. The Customer will hold harmless Black Hills Energy and its officers, directors, shareholders, agents, employees, and representatives from all claims, liabilities, fines, interest, costs, expenses, and damages incurred by the Customer, for any damage, injury, death, loss or destruction of any kind to persons or property, to the extent the damage, injury, death, loss or destruction arises out of or is related to the conduct, negligence, willful misconduct, misrepresentation, breach of warranty or other breach of this rebate form on the part of Black Hills Energy.

ELIGIBLE COMMERCIAL EQUIPMENT	REQUIREMENTS	INCENTIVE
Kitchen Demand Control Ventilation	Pre-approval required. Must use sensors and automated controls to respond to cooking activity to modulate exhaust fan speeds to reduce exhaust and make up air. To qualify for incentive, KDCV must be added to existing or new installation of constant volume kitchen ventilation system. The incentive shall not exceed the installed cost of KDCV controls.  <b>Please email <a href="mailto:BlackHillsRebates@appliedenergygroup.com">BlackHillsRebates@appliedenergygroup.com</a> or call 800-426-5784 if you are planning to add kitchen demand control ventilation controls.</b>	\$4,000
