 1560 Broadway, Suite 250
 Denver, Colorado 80202

The accompanying tariff sheet issued by Black Hills Colorado Electric, LLC d/b/a Black Hills Energy (“Black Hills” or the “Company”), is sent to you for filing in compliance with the requirements of the Public Utilities Law, the applicable rules of the Public Utilities Commission of the State of Colorado, including Rule 1210, 4 *Colorado Code of Regulations* 723-1, and the Company’s tariff rules on Sheet 94D. The following tariff sheet is attached:

COLORADO P.U.C. NO. 11

Colorado P.U.C. Sheet Number	Title of Sheet	Cancels Colorado P.U.C. Sheet Number
Fourth Revised Tariff Sheet No. 94I	COMMUNITY SOLAR GARDEN SERVICE (CONTINUED) ELECTRIC	Third Revised Tariff Sheet No. 94I

The principal purpose of this filing is to amend the tariff for Community Solar Gardens (“CSG”); specifically, to amend the CSG Fixed Bill Credits for the next annual period commencing January 1, 2023. The amended tariff is Sheet No. 94I. The amended tariff is to become effective January 1, 2023.

The CSG Fixed Bill Credits apply only to CSG subscribers and are used to determine the CSG subscriber’s monthly bill credit. Specifically, CSG Fixed Bill Credits are the dollar amount on a per kWh basis paid to each subscriber for their share of photovoltaic energy that is produced by a CSG and delivered to the Company.

CSG Fixed Bill Credits have no effect on the Company’s revenues because the credits are paid from the Company’s Renewable Energy Standard Account.

The amended tariff in Sheet No. 94I, if allowed to go into effect by the Commission, will increase the CSG Fixed Bill Credit for Regular Residential, Small General Service Demand, Large General Service Secondary, Large General Service Primary, Large Power Service

Secondary, Large Power Service Primary, Large Power Service Transmission, and Irrigation Pumping. The amended tariff will decrease the CSG Fixed Bill Credit for Residential Other and Small General Service Non-Demand.

Consistent with the Company's tariff, the proposed CSG Fixed Bill Credit calculation includes the Company's most recently approved Phase II electric rates for Transmission and Distribution components.

Further, the proposed CSG Fixed Bill Credit calculation reflects a deduction for the Demand Side Management Cost Adjustment ("DSMCA") charge, in compliance with Rule 3881(a)(I) and Decision No. C20-0628.

The proposed CSG Fixed Bill Credit impact for customers by rate sub-class is as follows:
