

# Electric Vehicle Charger Rebate Application

## Colorado Residential Customers - Level 2 Charger

January 1, 2023 - December 31, 2023

### Rebate Checklist

Get your rebate faster by checking off these easy steps before mailing your application form. Complete and accurate application forms mean less delays in getting you your rebate check.

- Purchase a qualified Level 2 smart charger.
  - Contact a qualified/licensed electrician for installation.
  - Review Terms and Conditions and sign and date application.
  - Completely fill out application.
  - Attach all receipts for proof of purchase of the smart charger and electrical installation of the equipment.
  - Make and retain copies of all documents and application.
  - Mail the application and all supporting documentation to:  
Black Hills Energy  
c/o Electric Vehicle  
P.O. Box 1400  
Rapid City, SD 57709
- or email documents to [ReadyEV@blackhillsenergy.com](mailto:ReadyEV@blackhillsenergy.com)

### Eligibility Requirements

To be eligible for the rebate, you must:

1. Be a residential Black Hills Energy electric customer with an account in good standing. Must also live in a residence that receives electric service from Black Hills Energy and drive an electric vehicle (all-electric or plug in hybrid).
2. Agree to participate in Black Hills Energy's Time of Day residential electric rate schedule.
3. Agree to install, own, operate, connect to the internet via Wi-Fi, and maintain a new Level 2 (240 volt) electric vehicle charger at your own expense from a qualified manufacturer provider approved by Black Hills Energy. Black Hills Energy requires a qualified electrician install the charging station and it's dedicated circuit. Charger must be installed at a residence that receives electric service from Black Hills Energy.
4. Obtain all necessary permits and comply with all applicable laws, rules, codes, and regulations for the installation of electric vehicle charging equipment. Level 2 (240 volt) charging occurs at a higher voltage rate than Level 1 (120 volt) charging. As a result, an inspection and permit may be required by the city or county where the residence is located.
5. Purchase and install a qualifying Level 2 (240 volt) electric vehicle charger between January 1, 2023 and December 31, 2023. Rebate application must be received by Black Hills Energy on or before January 31, 2024 to qualify for the rebate.
6. Agree to participate in surveys, on-site audits and review of electric vehicle charger usage data.

Failure to meet any of the foregoing requirements may result in denial of the rebate.

# Terms and Conditions

## Rebate Details

Upon receipt of all documentation and validation of compliance, Black Hills Energy will provide the residential electric vehicle charger rebate, which consists of a rebate in an amount up to \$500 for the purchase and installation of a Level 2 (240 volt) electric vehicle charger. Amount of rebate cannot exceed cost of electric vehicle charging equipment and installation. You are responsible for paying all tax liability imposed as a result of receiving the residential electric vehicle charger rebate. The state of Colorado requires charger installation be performed by a licensed master electrician, licensed journeyman electrician, licensed residential wireman, or properly supervised electrical apprentice.

## Rebate Availability

Black Hills Energy offers a limited number of rebates paid out on a first come, first served basis. Availability is subject to total number of program participants. Black Hills Energy reserves the right to cancel or modify this rebate program at any time in its sole discretion. Black Hills Energy makes no representations or warranties regarding whether you will or will not qualify to receive the rebate.

## Electric Vehicle Charger Usage Data

You authorize the qualified provider of electric vehicle charging equipment to share charger usage data with Black Hills Energy. Usage data provided to Black Hills Energy may be used internally by Black Hills Energy and may be made available on an aggregated, non-personally identifiable basis to the State Public Utility Commission. Failure to participate in ongoing usage data sharing may result in rebate reward being rescinded.

## Audit Rights

Black Hills Energy reserves the right to select you for an audit to verify the installation of the rebated electric vehicle charging equipment installed at the residence. You hereby consent to such an audit and agree to grant Black Hills Energy access to the residence to the extent reasonably necessary to conduct such an audit. If the audit discovers the electric vehicle charging equipment has not been installed in accordance with these terms and conditions, then the rebate award may be rescinded.

## Release and Indemnification

You agree to release, indemnify, and hold harmless Black Hills Energy, its affiliates, respective officers, directors, shareholders, and employees from and against any and all causes of action, damages, losses, claims, expenses, demands, and costs (including attorneys' fees), resulting from, arising out of, or in any way connected with the electric vehicle charging equipment, rebate, or any taxes associated therewith. Black Hills Energy is not a party to any sales transaction between you and the qualified provider of electric vehicle charging equipment. Black Hills Energy's liability and responsibility in connection with this program shall be strictly limited to the making of certain rebate payments for program-eligible electric vehicle chargers, and Black Hills Energy does not make, will not provide, and specifically disclaims any and all representations, warranties, covenants, or guaranties whatsoever, express or implied, in connection with the electric vehicle charging equipment and the residential electric vehicle charger rebate program itself, including, without limitation, the implied warranties of merchantability and fitness for a particular purpose. Black Hills Energy shall in no way be liable or responsible for any electric vehicle charging equipment installed by, or for any act or omission of, any other entity or individual, including, without limitation, the equipment manufacturer or any electrician, technician, or other service provider.

# Required for ChargePoint electric vehicle chargers

## HOMEOWNER DATA RELEASE

I have enrolled in the Black Hills Corporation ("Offeror") Ready EV Program (the "Program") pursuant to which electric vehicle charging and usage data will be accumulated and analyzed. I understand that, as a condition to my participation in the Program, I am required to authorize ChargePoint, Inc., to release usage information (the "Usage Information") generated by my ChargePoint Home residential charging station. I understand that the release of such information may include a release to Black Hills Corporation of certain personally identifiable information about me, including, but not limited to any identifying information provided by EV Driver in the process of granting permission like a utility account number (the "PII"). I also understand and agree that ChargePoint is not responsible for, nor has any authority with respect to, Offeror's privacy practices or how Offeror may use any information about me. In consideration for being allowed to participate in the Program, I hereby authorize ChargePoint to release the Usage Information to assist Offeror with performing the energy management tasks, and hereby forever release and disclaim, on behalf of myself, my heirs and assigns, ChargePoint from any and all claims I may have against it, its employees, officers and directors, arising out of or in connection with such release.

I understand and agree that the Program is being offered solely by the Offeror and not by ChargePoint. I hereby agree that ChargePoint shall have no liability whatsoever from Offeror's failure to deliver any of the benefits offered by Offeror in connection with the Program, and hereby forever release and disclaim, on behalf of myself, my heirs and assigns, ChargePoint from any and all claims I may have against it, its employees, officers and directors arising out of or in connection with Offeror's failure to deliver such benefits.
