Retention Assistance for Irrigation Load Incentive

Black Hills Energy is now offering up to a \$750 rebate to irrigation customers in Nebraska for the actual costs they incur to repair or replace customer-owned service lines and irrigation engines connected to an existing meter on Black Hills Energy's natural gas pipeline system in Nebraska. Below are examples of equipment covered by the RAIC Program. Similar equipment with comparable estimated usage and/or throughput also may be eligible for the rebate through the RAIC Program.

Examples of equipment connected to existing meters	Rebate	Qty
70 HP engine for 600 hrs. (est. minimum annual usage of 4,200 therms or higher) and associated customer-owned service line	Up to \$750	
50 HP engine for 600 hrs. (est. minimum annual usage of 3,000 therms or higher) and associated customer-owned service line	Up to \$750	

Rebate Details: Customers who file a claim for assistance are eligible for up to a \$750 bill credit related to distribution after the expense is verified. Rebate amounts are limited each program year, so be sure to submit your paperwork as soon as possible to avoid being unable to recover due to timing.

Mail, fax or email this claim form and proof of receipts of expenses incurred to:

Fax: 402-829-2465
E-mail: Engine@blackhillscorp.com

Claims are on a first-come basis. One rebate per connected load. Cannot be combined with other rebates for the same connection. All loads must be connected to Black Hills Energy's natural gas distribution system (formerly SourceGas Distribution, LLC) in Nebraska to be eligible for rebates. All connections are subject to verification by Black Hills Energy personnel. New equipment must be operational. Black Hills Energy is not responsible for lost, late, illegible, incomplete, damaged, misdirected or postage-due requests/mail. Keep a copy for your files. All claims subject to audit. Offer subject to terms listed here. Rebate will be reflected on the customer's bill for natural gas service.
