

# 2019 Residential Rebate Application

Heating, Cooling and Appliance Replacement, Insulation and Windows

Cheyenne: Residential Customers

## Rebate Checklist

Get your rebate check faster by checking off these easy steps before mailing your application form. Incomplete or inaccurate applications may be delayed.

- ☐ **Evaluation completed, if applicable (evaluation required prior to insulation, infiltration and windows installation)**
- ☐ Application completely filled out
- ☐ If applying for window and/or door rebate to include all dimensions and all NFRC labels with your application
- ☐ All receipts attached (original or copies)
- ☐ Reviewed Terms and Conditions and signed and dated application
- ☐ Make copies of all documents and application for your records
- ☐ Dealer portion completely filled out and signed (if applicable)
- ☐ Send all documents to correct address listed on application

## Important

A final itemized invoice for all materials, labor and taxes related to the Rebate Application must be attached. For Envelope Measure Retrofit, a pre-qualifying energy evaluation from Black Hills Energy must also be attached. Proposals and/or bids are not considered confirmation of purchase and install.

## Verification

The sales receipt indicating date of purchase, dealer/contractor name, manufacturer name, model number and serial number of equipment must accompany the rebate application. Incomplete applications will be delayed. Black Hills Energy reserves the right to verify sales receipts and installations. After approval, please allow four to six weeks for delivery of the rebate check.

## Tax Information

Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. Black Hills Energy is not responsible for any tax consequences of the rebate program.

## Disclaimer

Black Hills Energy does not guarantee that installation of equipment qualifying for rebates will result in reduced energy usage or demand, or in cost savings. The Customer will hold harmless Black Hills Energy and its officers, directors, shareholders, agents, employees, and representatives from all claims, liabilities, fines, interest, costs, expenses, and damages incurred by the Customer, for any damage, injury, death, loss or destruction of any kind to persons or property, to the extent the damage, injury, death, loss or destruction arises out of or is related to the conduct, negligence, willful misconduct, misrepresentation, breach of warranty or other breach of this rebate form on the part of Black Hills Energy.

## Terms and Conditions

### General Eligibility

1. Applicant must be a current Black Hills Energy residential customer to participate in energy efficiency program.
2. **Purchase and installation must be completed between January 1, 2019 and December 31, 2019. Project completion paperwork must be received by January 31, 2020.**
3. Applications will be processed on a first-come, first-served basis. The program will end when the budget is depleted. Funds are limited.
4. This program is subject to regulatory rules and orders, and Black Hills Energy reserves the right to change or to end any portion of this program without notice. All equipment must be new. No reconditioned or used equipment would qualify for rebates.
5. To avoid delay, the dealer invoice returned with your rebate application must include manufacturer, model and serial number, efficiency rating and date of installation. Equipment cost, labor and tax must be itemized. The rebate cannot exceed amount paid for item(s). Labor charges for self installed jobs are not eligible for rebates.
6. **Checks will be made payable to customer shown on invoice.**
7. To qualify for the rebate, heating and cooling equipment must meet minimum efficiency requirements as listed in this application and Black Hills Energy must be the energy provider.
8. **Black Hills Energy Residential Evaluation Program is required for eligibility for envelope rebates. Homes must be five years or older for energy evaluations.** When submitting for envelope measure rebates, attach a copy of the evaluation results to this rebate form. Call 888-454-3312 to schedule a free energy evaluation.
9. Where applicable, energy-efficiency ratings must comply with those listed in the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). For Central Air Conditioners the AHRI's Unitary Directory is used to identify product classification, determine efficiency ratings and confirm matched systems. Non-matched assemblies are not certified by the AHRI and are not eligible for rebate. The AHRI directory may be found at [www.ahridirectory.org](http://www.ahridirectory.org).
