

# Commercial Prescriptive Program

Commercial and Industrial Electric Customers

January 1, 2021 - December 31, 2021

## Rebate Checklist

Determine your eligibility, and receive your rebate check faster, by checking off these easy steps before submitting your application. Incomplete applications may delay payment.

- Read the Terms and Conditions and Lighting Program Information Sheet to determine if you are eligible for a rebate.
- Complete the application form (**mandatory**).
- Sign and Date form (including Dealer's signature and date where applicable).
- Attach the following documentation:
  - Itemized invoice(s) including material and labor costs.
  - Lighting specification sheets for installed lighting.
  - Project savings calculations showing present compared to proposed equipment (BHE has a worksheet available to complete the analysis)
- Make and retain copies of all documentation.
- Mail the application and required documentation to:  
Black Hills Energy  
c/o Energy Efficiency Programs  
P.O. Box 1400  
Rapid City, SD 57709

## Terms And Conditions

1. Participant must be a Black Hills Energy commercial or industrial electric customer located in South Dakota or Weston County, Wyoming.
2. All lighting rebate applications are reviewed for cost-effectiveness. Total rebate amount per application will be no more than 50% of the total labor, material and equipment costs shown on itemized invoices for qualifying measures. Black Hills Energy reserves the right to adjust equipment or rebate amounts submitted with this application.
3. This program is subject to regulatory rules and orders. Black Hills Energy reserves the right to change or to end any portion of this program without notice.
4. **A \$5,000 cap will be imposed per facility or building per program year.**
5. A final, itemized invoice for all equipment, materials and labor related to the installation must be attached to this rebate application. Applications must be completed in full: incomplete or incorrect applications will delay processing and may be returned.
6. New equipment must be installed on the premises and must not be purchased for resale. Customer must purchase and install the new equipment prior to submitting a rebate application. Used/refurbished/ repaired/rebuilt equipment does not qualify for this rebate.
7. **Funding for these rebates is limited.** Applications will be processed on a first-come, first-served basis. Additional information or assistance in completing your rebate application can be obtained by calling 605-399-5082, or on the Black Hills Energy website at [energy-ready.com](http://energy-ready.com).
8. **Equipment purchase and installation must be completed between January 1, 2021 and Dec. 31, 2021. All applications for rebates must be received by January 31, 2022.**
9. Please allow 7-10 business days to receive a response on your project application.
