

2023 CUSTOM REBATE PROGRAM

WYOMING GAS LLC: COMMERCIAL/INDUSTRIAL CUSTOMERS

Pre-approval Checklist

All Custom projects require pre-approval before purchase and installation. Get your rebate check faster by checking off these easy steps before submitting your application form. Incomplete applications may be delayed.

- Completely fill out application to avoid delays in processing
- Provide a description of existing conditions and proposed project
- Provide manufacturer's equipment brochure or spec. sheets
- Provide project bid
- Provide project cost detail (if available)
- Make and retain copies for your records
- Send all documents to custom@mesapointenergy.com (sending application to BHE billing address will delay your rebate)

Rebate Checklist

- Start your project after receiving notice of approval
- Complete project installation
- Post-Installation Verification: A sales receipt (itemized invoice for equipment and labor) or other documentation indicating date of installation, dealer/ contractor name, equipment manufacturer name, and model number must accompany the Incentive Request Form/ Certificate of Completion to be submitted once project is completed
- Make and retain copies of all documents for your records

NEED HELP?

Additional information or assistance in completing your rebate applications can be obtained by calling 303-661-0159 or emailing custom@mesapointenergy.com

Terms and Conditions

General Eligibility

1. Rebates are awarded to help Black Hills Energy commercial/industrial customers implement natural gas efficiency measures.
2. **Purchase and installations must be completed between Jan. 1, 2024 and Dec. 31, 2024. All application materials for work done in 2024 must be received by Jan. 31, 2025.**
3. **All Custom projects require approval before purchase and installation.**
4. The commercial/industrial Custom Rebate Program buys down energyefficient upgrades to a two-year payback, or up to one-half of the incremental cost of the equipment. There is a \$20,000 per project cap.
5. All projects will be individually reviewed by Black Hills Energy for cost effectiveness and must pass a cost effectiveness test.
6. Funding for these rebates is limited. Applications will be processed on a first-come, first-served basis.
7. Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. Black Hills Energy is not responsible for any tax consequences of the rebate program.

Disclaimer

Black Hills Energy does not guarantee that installation of equipment qualifying for rebates will result in reduced energy usage or demand, or in cost savings. The Customer will hold harmless Black Hills Energy and its officers, directors, shareholders, agents, employees, and representatives from all claims, liabilities, fines, interest, costs, expenses, and damages incurred by the Customer, for any damage, injury, death, loss or destruction of any kind to persons or property, to the extent the damage, injury, death, loss or destruction arises out of or is related to the conduct, negligence, willful misconduct, misrepresentation, breach of warranty or other breach of this rebate form on the part of Black Hills Energy.

Existing and New Equipment Information

Please list all NEW equipment on this form so Black Hills Wyoming Gas can calculate your rebate. Make a separate entry for each unit. If more than one measure is being applied for, please photocopy this form and attach with your application.
