Black Hills Wyoming Gas's Residential New Construction Program

The program is designed to promote the construction of energy efficient single family and multifamily homes by providing incentives to new home builders for the installation of high-efficiency heating and water heating equipment and thermal envelope measures.

The program consists of two paths from which builders can choose:

- **Performance Path** - Builders construct a home to meet a HERs rating of ≤ 65 .
- **Prescriptive Path** - Builders select from a menu of prescriptive measures to put together a customized package. Builders must meet the requirements in the following table.

PRESCRIPTIVE PATH - TOTAL INCENTIVES PER HOME ARE CAPPED AT \$1,500. (Attach invoices)
